## II. SCOPE OF WORK

1. The State shall submit a program containing the aforementioned project to FHWA with the recommendation that it be approved for construction.

a. If such project is approved for construction by FHWA and the funds are available for construction of the project, the State with the aid and consent of FHWA will proceed to advertise for, receive and open bids, and subject to the concurrence of FHWA and the County, award the contract, enter into a contract with a firm to whom the award is made for the construction of the project, such project to be performed, completed, accepted and paid for in accordance with the requirements of the Standard Specifications for Road and Bridge Construction of the Highways Division, Arizona Department of Transportation. Further, the State will enter into a Project Agreement with FHWA covering the work embraced in said construction contract and will request the maximum federal funds available.

b. Should unforeseen conditions or circumstances increase the cost of said work required by a change in the extent or scope of the work called for in this agreement, the State shall not be obligated to incur any expenditure in excess of the amount of the County's deposit unless and until so authorized in writing by the County.

2. Prior to the solicitation of bids, the County shall deposit funds with the State in the amount determined by the State to be necessary to match federal funds in the ratio required.

3. The County shall acquire, without cost to the State, the necessary right-of-way and hereby certifies that all necessary rights-of-way have been acquired.

4. The County shall remove from the proposed right-of-way all obstructions or unauthorized encroachments of whatever nature, either above or below the surface of the roadway, and hereby certifies that all obstructions and encroachments have been removed therefrom, prior to the start of construction.

6. Upon completion of construction, the County shall provide for, at its own cost and as an annual item in its budget, proper maintenance, including, but not limited to, traffic signals, signs, islands, curbs and markings necessary for the purpose of regulating, warning and guiding traffic.

7. The County shall mark and sign school crossings and railway-highway grade crossings in accordance with the requirements of the current edition of the Manual on Uniform Traffic Control Devices for Streets and Highways.

8. By such regulation as it may by ordinance provide, the County shall regulate parking and not permit vehicles to be left on the street in any manner other than at and parallel with the curb and to restrict parking so as to prevent conflicts with moving traffic at intersections and at such other locations as necessary.

### III. MISCELLANEOUS PROVISIONS

CERTIFIED COPY OF ENTRY IN OFFICIAL MINUTES  
OF THE YAVAPAI COUNTY BOARD OF SUPERVISORS

YAVAPAI COUNTY                                 )  
  ) ss.  
ARIZONA   )

Ann-Lawrie Aisa, having been first duly sworn, deposes and says:

I am the duly appointed, qualified and acting Clerk of the Yavapai County Board of Supervisors and in such capacity under the provisions of A.R.S. §11-241 am charged with the responsibilities, among others, of recording all proceedings of the Board and maintaining custody of such records of the Board as are required by law to be maintained. Among the records of which I have custody is the official minute book of the Board of Supervisors which under the provisions of A.R.S. §11-217 is required to be made and kept.

Set forth below is a copy of an entry in the aforesaid minute book of which, as aforesaid, I am the officer having the legal custody. This is my certificate under the provisions of Rule 44(A), Rules of Civil Procedure, and the Uniform Business Records Act, that the said copy is a true and correct copy thereof, to which I attest by my signature subscribed hereunto:

Date of meeting of which the minutes are a record: APRIL 6, 1992

The entry in the said minutes:

The Board considered an Intergovernmental agreement with the Arizona Department of Transportation for the Cornville Road project and to determine a source of funds for the County's contribution amounting to \$79,202. Chairman Camp said it was his understanding that the County had received federal aid in the amount of \$868,000 for this project. County Administrator Jim Holst told the Board that \$80,000 had been budgeted in the current fiscal year to cover this participation by the County and that \$100,000 had included in the budget for the 1992-93 fiscal year. He said that if the Board approved this request on this day he would delete the \$100,000 from the coming fiscal year budget because the participation would be paid from the current budget. Chairman Camp asked whether this project was moving along and whether it would be going to bid soon. Public Works Director Jim Wise said he had delivered the final plans to ADOIT and that the bids would probably be called for in June or July. Supervisor Brownlow moved to approve this intergovernmental agreement and to authorize the over expenditure of Engineering Account No. 7955 to cover this participation. Supervisor Feldmeier seconded the motion, which carried by unanimous vote with no comments from the public.
